About the EU Reintegration Programme

The EU Reintegration Programme ensures the provision of reintegration assistance to returnees departing on a voluntary or non-voluntary basis from Member States and Schengen Associated Countries to their countries of origin. At the same time, it contributes to an effective return policy in the European Union, ensuring that returns are done in a dignified and humane manner. To implement this assistance, Frontex has concluded a partnership with **Caritas Développement Kinshasa** in the **Democratic Republic of Congo** to assure the deliverance of high level of support.

About Caritas Développement Kinshasa

Caritas Development Kinshasa was created in 1977 as an NGO concerned with the promotion of solidarity, emergency relief and support for sustainable development. Its mission is to contribute to the improvement of the living conditions of vulnerable groups and peri-urban populations, to develop self-help mechanisms and solutions to the real problems faced by grassroots communities, in order to reduce poverty so that people can live in human dignity. It has been collaborating with Caritas International Belgium since 2014 to accompany Congolese returnees from Belgium. We also have experience accompanying returnees from many other European countries, in the framework of the ERSO network.
