About EU Reintegration Programme

The EU Reintegration Programme ensures for the provision of reintegration assistance to returnees departing on a voluntary or non-voluntary basis from Member States and Schengen Associated Countries to their countries of origin. At the same time, it contributes to an effective return policy in the European Union, ensuring that returns are done in a dignified and humane manner. To implement this assistance, Frontex has concluded a partnership with **CARITAS International Belgium** who cooperates with **Caritas Kazakhstan NGO** in KAZAKHSTAN to assure the deliverance of high level of support.

About Caritas Kazakhstan NGO

Caritas Kazakhstan has been established in 1997 and started to work in the field of Assisted Voluntary Return and Reintegration in 2012, in cooperation with the ERSO network (mainly Caritas International Belgium). The vast majority of returnees were assisted in their search of accommodation after a long absence in Kazakhstan, in their research of the correct education/trainings, or in the start-up of small scaled businesses like trade or taxi driving. In 2020-2021, Caritas Kazakhstan was a reintegration partner within the ERRIN network, mainly assisting returnees from Germany. Various activities are managed by Caritas KZ outside the reintegration program, such as vocational training for disabled young people, medical support for elderly, support for children with Down syndrome etc.
