About EU Reintegration Programme

The EU Reintegration Programme ensures the provision of reintegration assistance to returnees departing on a voluntary or non-voluntary basis from Member States and Schengen Associated Countries to their countries of origin. At the same time, it contributes to an effective return policy in the European Union, ensuring that returns are done in a dignified and humane manner. To implement this assistance, Frontex has concluded a partnership with **CARITAS International Belgium** who cooperates with **AG Care** in **GHANA** to assure the deliverance of high level of support.

About AG Care

About Caritas in Ghana, we work with AG Care. Assemblies of God Care (AG Care) formerly known as Assemblies of God Relief and Development Services (AGREDS) is a faith-based development organisation established in 1991 as a development agency of the Assemblies of God Church in Ghana. The purpose is ministering to the material and social needs of the poor by mobilising resources from the external and internal constituencies to respond to development issues. Through the ministry of AG Care, the Church seeks to demonstrate the Biblical teaching of caring for those in need, alleviation of suffering, social justice and stewardship of resources. Since its establishment, AG Care has effectively contributed to transformational development in the areas of education, health services and livelihoods empowerment.
